

QUANTUM. CHANGE. DISRUPTING CANBERRA

ACS Canberra Branch 25th Annual Conference

4 September 2018 | Hyatt Hotel Canberra

ACS Canberra is delighted to announce our 25th annual conference.

Quantum. Change. Disrupting Canberra is a bold, ambitious, forward thinking conference, examining how established social, technical and leadership perspectives are developed for the digital age. We need to change in a not so far away quantum computing future.

Join our distinguished keynote presenters - **Dr Vikram Sharma** CEO Quintessence Labs and World Economic Forum Technical Pioneer 2018, **Dr Francesca Maclean** ACT Young Women of the Year 2017, **Dr Brad Tucker** Astrophysicist and Cosmologist, and award winning Business Futurist **Craig Rispin** - for a full day of thought provoking discussion and leadership insight.

The conference will host over twenty-five expert speakers across five curated information streams of **Leadership, Education, Data Management, Cyber Security** and **Futures**.

Networking cocktails and a **Gala Dinner** will be held following the conference proceedings **at the Hyatt Hotel Canberra**.
